## STILL LIFE FLOWER PAINTING

ONLINE CLASS WITH BARBARA THOMAS

April 8, 11 am - 11:45 am

To prepare for class, choose a small bouquet of flowers or collection of budding branches, whatever makes a nice, simple bouquet, not too large, and set up in a vase to one side of your computer.

If you can, put a cloth napkin or other cloth under the vase. Try for a simple background, and be sure you have enough light! Remove any extra stuff around you so you can concentrate on your still life.

Materials: Use any pencils, paints, brushes, or other materials you have on hand.

If you don't have painting or drawing paper, you can use computer print out paper. Even a simple pencil or pens will do!

Have brushes, and a glass of water for painting at hand, if you are painting.

We would love to see what you made! To share, post your artwork on Instagram with the hashtag #ParrishHomeArtStudios
